Full details of the Nikkalite Traffic Sign Warranty Scheme are available from www.rennicksuk.com or on request.

Environment and Sustainability

Nikkalite® sheeting's are manufactured by Nippon Carbide Industries (NCI), a Japanese based company. Japan was one of the early signatories to the legally binding 1998 Kyoto protocol for the reduction of greenhouse gases and CO2 emissions. In addition NCI are required to comply with Japanese Laws concerning Energy Conservation and Recycling. Further information can be found at www.rennicksuk.com
